SKILLS

- **Frontend-** JavaScript, React Js, Bootstrap
- **Backend-** Node js, Express js
- **Database-** MySql, MongoDB
- **Programming-** Java(DSA), JavaScript, python,
- **Version Control-** Git, Github

EDUCATION

- Master of Computer Application (MCA) |Shivaji University   *2024/ CGPA: 8.61*
- Bachelor of Science (Computer Science) |Shivaji University   *2022/ CGPA: 7.56*

EXPERIENCE

- **Frontend Development Intern | Suyotech Solutions, Kolhapur**   *Oct 2024 – Dec 2024*
  - Developed and optimized user interfaces using React.js for dynamic, responsive, interactive web applications
  - Integrated real-time communication features using WebSocket protocols & managed event-driven updates.
  - Integrated real-time communication using WebSocket protocols and implemented RESTful API integrations for seamless client-server interaction.
  - Improved component reusability and code maintainability through best practices in React development.

ACADEMIC PROJECTS

- **AirBnb Website | wanderLust**   (Link: https://airbnb-project-zk1w.onrender.com/listings)
  - Developed a full-stack Airbnb clone, enabling users to explore and search a variety of property listings.
  - Implemented RESTful APIs for user authentication and listing management, enabling efficient data handling.
  - Designed web pages with EJS templates and optimized server-side operations with MongoDB integration.
  - Tech stack (HTML, CSS, Bootstrap, Node.js, Express.js, MongoDB).

- **Full Stack Stock Monitoring Tool**
  - Developed a full stack stock market monitoring website. Integrated Material UI for clean and responsive design, ensuring a seamless user experience across devices.
  - Implemented real-time data visualization through interactive graphs, enabling users to track and analyze stock performance efficiently. -Tech stack (Javascript, React, Node, MongoDB)

- **E-commerce Website**
  - Implemented product filters by size, color, and brand, enhancing the user experience. Designed category-based navigation to streamline product browsing. Created a responsive design for seamless access across devices.
  - Implemented a search bar with auto-suggestions. Designed the application with clean, reusable, and optimized code, ensuring maintainability and scalability.- (React, Bootstrap , JavaScript, Node.js)

POSITION OF RESPONSIBILITY

- Shivaji University (CS Team member**)**   *Jan 2023*
  -Organized hackathons & coding Competition

ACHIEVEMENTS / CERTIFICATIONS

- TCS Youth Employment Program   *Mar 2022*
  -Training under TCS Youth Employment Program for Graduates to get Industry ready.
- 200+ Problems Solved On Leetcode :- https://leetcode.com/Sadkhan_2001
